

# DOROTHY HARRIS SCHOLARSHIP

## 2009 GUIDELINES AND APPLICATION

Administered by the Women's Sports Foundation

### HISTORY

The Dorothy Harris Endowed Scholarship was established in honor of Dr. Dorothy Harris, pioneer and advocate for women in sports. Its goal is to assist women graduate students pursuing one of the following fields of study: physical education, sport management, sport psychology or sport sociology. As a sports psychologist, Dr. Harris spent many years studying the positive influence of sports participation on athletes. She received the first Fulbright scholarship awarded to someone in the field of sport psychology and was the first resident sport psychologist at the United States Olympic Training Center in Colorado Springs in 1980. She became known and internationally acclaimed as an advocate for women in sport through her books, articles and presentations around the world. She firmly believed that sports participation was as important and beneficial for females as for males and spent her lifetime fighting for the rights of young girls and women to play sports.
