APPENDIX A: PARTICIPATION PROFILES OF EACH SPORT

This report takes a first step toward describing and analyzing the extent that athletic opportunities in 14 sports are provided across socioeconomic levels, racial and ethnic groups, gender, geographic region, and metropolitan status. This appendix contains profiles for each of the 15 sports in this study. Each profile includes 10 tables, which break out participation and attrition rates across grade levels, race and ethnicity, family socio-economic level, metropolitan status, and gender. Please contact the authors with questions. See final PowerPoint slides.
